Reading Unit 16: Core Reader 4

Kate's Sandcastle

Kate had a new bucket and spade. She wanted to make a big sandcastle.

'This is a good spot,' said Mum. 'I will build it here,' said Kate.

First, she put some wet sand into the bucket. Then she turned the bucket upside down.

Kate added more and more sand. The castle got bigger and bigger. She stuck lots of pretty shells on it.

Then Jack help Kate dig a moat around the sandcastle.

'I will fill the moat with water next,' said Kate.

It was getting hot. Mum saw a man selling ice pops.

'Would you like a cold ice pop, Kate?' she asked. 'Yes please!' said Kate.

'I will fill the moat after that.'

'Me too, please!' cried Jack.

Kate and mum went to get the ice pops. It was busy so they had to wait in line.

When they came back, Jack looked sad.

'Look!' he said. 'A big wave came in and covered your castle!'

'I won't need to fill the moat after all!' said Kate.
