Policy on Multigrade Classes

A complete list will be compiled of children in class groupings. The list will be set out by date of birth/roll book/alphabetical order and the principal (along with current class teacher and support teacher) will select every second or third pupil from the list. This selection will be taken either from the top of the list down, or the bottom up, depending on the ratio of numbers required to create the new class groups. With regard to S.E.N. pupils, their placement within a group will be at the discretion of the principal.

This policy was ratified by the Board of Management on 18th June, 2014.
